PROPAGATION AND DISTRIBUTION OF FISHES FROM  
HATCHERIES AND FISHERY RESOURCE MANAGEMENT FOR FY 1983

INTRODUCTION

This report on fishes and fish eggs distributed by national fish hatcheries for the period October 1, 1982, to September 30, 1983, is a continuation of a series of publications issued since 1872. Records of hatchery outputs were published in the annual Commissioner's Report of the U.S. Commission of Fish and Fisheries through 1903 and in the Annual Report of the Commissioner of Fisheries of the U.S. Department of Commerce, until 1940. From 1941 through 1962, these tabulations were presented as "Statistical Digest". Beginning in 1963, these reports became known as the "Fish Distribution Report" Report No. 2 for 1965 and 1966 established the fiscal year as the period of coverage. In 1976, the fiscal year time frame was changed from July through June to October through September. Report No. 11 recorded fish distribution for the period of July 1, 1975, through September 20, 1976, which included the 3 month transition quarter--July, August, and September 1976. All future fish distribution reports will coincide with the October through September fiscal year.

The Hatcheries and Fishery Resources Management system produces primarily salmon, trout, catfish, pike, bass, and sunfish. Several additional species of fish are produced and collected for use as test animals in various research projects.

The goal of the Fish and Wildlife Service is to conserve the Nation's freshwater and anadromous fishery resources for the benefit of the people. Distribution of fish from the Federal hatchery system assists in meeting this goal in accordance with the following objectives:

- a. To restore and/or maintain existing freshwater and anadromous fishery resources in suitable streams, rivers or lakes of the United States.
- b. To restore fishery resources destroyed or depleted through human activities.
- c. To aid States in the management and development of depleted fishery resources.
- d. To protect the Nation's fisheries by listing the introduction or distribution of diseased fish and their attendant pathogens.
- e. To control the introduction and population levels of exotic species damaging to the fishery resources or aquatic ecosystem.
- f. To carry out responsibilities established by treaties and other commitments of the Federal Government to maintain and to restore fishery resources.

It is the policy of the Fish and Wildlife Service to allocate or distribute the output of its Fish Hatcheries in the following order of priority:

- (1) Coastal anadromous fishery programs.
- (2) Great Lakes fisheries program.
- (3) Federal Research programs.
- (4) Threatened and endangered species program.
- (5) Federal Interagency commitments.
- (6) Mitigation for Federal water projects.
- (7) Special requests - i.e., small numbers of eggs for university research or for establishing new broodstock.
- (8) Foreign requests.
- (9) State requests.
- (10) Private requests.

The present system for allocating fish to the several classes of water has been used by the Federal Government since 1949. The records system used to report stocking of fish was completely revised as of January 1, 1966 to provide more current data and better identification of the various program areas. As a result of the development of fishery management programs, long-range stocking requirements have been determined in many States and Federal areas. Fish stocking requests are now provided by fishery program managers for the various management programs, and it is no longer necessary or desirable to receive individual stocking requests for public waters. Fish are allocated, however, on an individual basis for newly created waters and special programs that meet the present Fish and Wildlife Service criteria for stocking.

# HATCHERIES

Existing units receiving funds in FY 1983 for completing or continuing the construction programs were:

Willow Beach (Arizona) . . . . .	\$ 175,000*

Hatcheries cont'd

The Fish and Wildlife Service groups the States into seven regions.

- Region 1 -- Lloyd 500 Building, Suite 1692, 500 NE. Multnomah Street,  
Portland, Oregon 97232 - California, Hawaii, Idaho,  
Nevada, Oregon, and Washington.
- Region 2 -- U.S. Courthouse & Federal Building, 500 Gold Street, SW  
(P.O. Box 1306), Albuquerque, New Mexico 87103 - Arizona,  
New Mexico, Oklahoma, and Texas.
- Region 3 -- Federal Building, Fort Snelling, Twin Cities, Minnesota  
55111 - Illinois, Indiana, Iowa, Michigan, Minnesota,  
Missouri, Ohio, and Wisconsin.
- Region 4 -- Richard B. Russell Federal Building, 75 Spring Street, SW.,  
Atlanta, Georgia 30303 - Alabama, Arkansas, Florida,  
Georgia, Kentucky, Louisiana, Mississippi, North Carolina,  
South Carolina, Tennessee, Puerto Rico, and the Virgin  
Islands.
- Region 5 -- One Gateway Center, Suite 700, Newton Corner, Massachusetts  
02158 - Connecticut, Delaware, Maine, Maryland, Massachusetts,  
New Hampshire, New Jersey, New York, Pennsylvania, Rhode  
Island, Vermont, Virginia, West Virginia, and Washington, D.C.
- Region 6 -- Denver Federal Center, (P.O. Box 25486), Denver, Colorado  
80225 - Colorado, Kansas, Montana, Nebraska, North Dakota,  
South Dakota, Utah, and Wyoming.
- Region 7 -- 1011 E. Tudor Road, Anchorage, Alaska 99503 - Alaska.

# NAMES OF FISHES USED IN THIS PUBLICATION

The following lists the general groups and scientific names of fishes appearing in the tables, including those listed as "miscellaneous". The nomenclature used is that established in the American Fisheries Society Special Publication Number 6 (1970), A List of Common and Scientific Names of Fishes from the United States and Canada.

<u>Common Name</u>	<u>Scientific Name</u>
<u>Salmonid (anadromous)</u>	
Chum salmon . . . . .	<u>Oncorhynchus keta</u>
Coho salmon . . . . .	<u>Oncorhynchus kisutch</u>
Sockeye salmon . . . . .	<u>Oncorhynchus nerka</u>
Chinook salmon . . . . .	<u>Oncorhynchus tshawytscha</u>
Pink salmon . . . . .	<u>Oncorhynchus gorbuscha</u>
Atlantic salmon . . . . .	<u>Salmo salar</u>
<u>Salmonid (non-anadromous)</u>	
Cutthroat trout . . . . .	<u>Salmo clarki</u>
Rainbow trout . . . . .	<u>Salmo gairdneri</u>
Ohrid trout . . . . .	<u>Salmo letnica</u>
Brown trout . . . . .	<u>Salmo trutta</u>
Brook trout . . . . .	<u>Salvelinus fontinalis</u>
Lake trout . . . . .	<u>Salvelinus namaycush</u>
Dolly Varden . . . . .	<u>Salvelinus malma</u>
Golden trout . . . . .	<u>Salmo aguabonita</u>
Landlocked Atlantic salmon . . .	<u>Salmo salar</u>
Kokanee salmon (landlocked) . . .	<u>Oncorhynchus nerka</u>
<u>Other anadromous species</u>	
Striped bass . . . . .	<u>Morone saxatilis</u>
American shad . . . . .	<u>Alosa sapidissima</u>
Atlantic sturgeon . . . . .	<u>Acipenser oxyrhynchus</u>
Shortnose sturgeon . . . . .	<u>Acipenser brevirostrum</u>

Warmwater species

Northern pike . . . . .	<u>Esox lucius</u> .
Muskellunge . . . . .	<u>Esox masquinongy</u>
Yellow perch . . . . .	<u>Perca flavascena</u>
Walleye . . . . .	<u>Stizostedion vitreum vitreum</u>
Sauger . . . . .	<u>Stizostedion canadense</u>
White bass . . . . .	<u>Morone chrysops</u>
Smallmouth bass . . . . .	<u>Micropterus dolomieu</u>
Spotted bass . . . . .	<u>Micropterus punctulatus</u>
Warmouth . . . . .	<u>Lepomis gulosus</u>
Largemouth bass . . . . .	<u>Micropterus salmoides</u>
Black crappie . . . . .	<u>Pomoxis nigromaculatus</u>
White crappie . . . . .	<u>Pomoxis annularis</u>
Green sunfish . . . . .	<u>Lepomis cyanellus</u>
Bluegill . . . . .	<u>Lepomis microchirus</u>
Redear sunfish . . . . .	<u>Lepomis microlophus</u>
Blue catfish . . . . .	<u>Ictalurus furcatus</u>
Channel catfish . . . . .	<u>Ictalurus punctatus</u>
Bullheads . . . . .	<u>Ictalurus species</u>
Flathead catfish . . . . .	<u>Pylodictis olivaris</u>
Buffalos . . . . .	<u>Ictiobus species</u>
Carp . . . . .	<u>Cyprinus carpio</u>
Goldfish . . . . .	<u>Carassius auratus</u>
Fathead minnow . . . . .	<u>Pimephales promelas</u>
Bowfin . . . . .	<u>Amia calva</u>
Freshwater drum . . . . .	<u>Aplodinotus grunniens</u>
Paddlefish . . . . .	<u>Polyodon spathula</u>
Tilapia . . . . .	<u>Tilapia species</u>
Mudminnow . . . . .	<u>Umbra species</u>
Gars . . . . .	<u>Lepisosteus species</u>

## GLOSSARY

All terms are defined as applied to use in the text of this digest.

Adults: Fish that have attained sexual maturity.

Air Force: Air Force Bases and ranges.

Anadromous fish: A marine fish, such as the salmon, striped bass, and shad that migrates upstream into freshwater to spawn.

Aquarium: Aquaria, exhibition and museums.

Army: Owned or controlled by the Army, excluding Corps of Engineers.

Atlantic Anadromous Program: Enhancement and restoration of anadromous fish species, such as the Atlantic salmon, striped bass, American shad, and sturgeon.

Bay: A body of water partly enclosed by land.

Canal: A man-made waterway, ditch or channel.

Corps of Engineers: Corps of Engineers projects.

Experimental and Research: Request from experimental stations and research laboratories.

Farm Pond Program: Includes all request for stocking ponds and other still waters on private property under the farm pond program.

Fingerlings: Young fish between one and five inches in length.

Fish and Wildlife: National fish hatcheries, national wildlife refuges, fishery research.

Forest Service: National forest areas.

Fry: Recently hatched fish that have reached the free-swimming and feeding stage.

Great Lakes Program: Enhancement and reestoration of fish species, such as the lake trout in the Great Lakes.

Hatchery:

Foreign: Distribution to a foreign country.

Local Government: Town, City or County program.

National Fish Hatchery: Transfers between Federal hatcheries.

State: State Fish and Game agency.

Indian Programs: Indian reservations and other areas mandated by treaties or judicial directives.

International Programs: All fish distributed within the United States that are destined for international waters, including species that may not normally range beyond the 200 mile limit.

Impoundment: All man-made lakes of fifty to five hundred acres.

Jurisdiction: Primary responsibility for the fishery program by ownership of water, enabling legislation, cooperative agreement, judicial directive, or other mandate.

Local Government: Waters owned by government bodies below Federal or State level.

Miscellaneous Federal: Waters on Federal agency land not noted on this list.

National Fish Hatchery: All transfers between national fish hatcheries.

National Park Service: National Parks, monuments and recreational areas of the National Park Service.

Natural Lake: A permanent, naturally occurring still body of water.

Navy: Owned or controlled by the Navy, including Marine Corps.

Pacific Anadromous Program: Enhancement and restoration of anadromous fish species, such as the Pacific salmon and steelhead trout.

Private: Waters on private property under the farm pond or other special programs.

Pond: A man-made lake under fifty acres.

Research: Laboratories, experimental ponds and medical research units.

Reclamation: Bureau of Reclamation projects.

Reservoir: A man-made lake over five hundred acres.

State Program: State owned or State controlled waters on State or private land.

Stream: A natural flowing watercourse other than a tailwater.

Tailwater: A stream area below a dam which has normally undergone a drastic habitat change as a consequence of altered conditions.

Transfer: Transfers between national fish hatcheries.

Urban Program: A summer fishing program created for inner-city and under-privileged citizens.

Veterans Administration: Owned or controlled by Veterans Administration.

As the Nation's principal conservation agency, the Department of the Interior has responsibility for most of our nationally owned public lands and natural resources. This includes fostering the wisest use of our land and water resources, protecting our fish and wildlife, preserving the environmental and cultural values of our national parks and historical places, and providing for the enjoyment of life through outdoor recreation. The Department assesses our energy and mineral resources and works to assure that their development is in the best interest of all our people. The Department also has a major responsibility for American Indian reservation communities and for people who live in island territories under U.S. administration.
